When employees are potentially exposed to airborne hazards that cannot be eliminated or reduced to safe levels by ventilation or other means, respirators will be required. However, before assigning a respirator to an employee, supervisors must ensure that the employee has been medically evaluated, trained, and fit-tested to the respirator he/she is assigned. All costs incurred by the medical evaluation process and purchase of respiratory protection are the responsibility of the employees’ department.

**Step 1. Arrange for a Medical Evaluation with CorpCare in South Windsor**

(Note: a Medical Evaluation is not necessarily a physical examination. Typically, it will consist of having an employee complete a detailed questionnaire. A physician or other licensed healthcare professional will then review the questionnaire and make a determination based on the answers received and any follow-up medical examinations, as deemed necessary by the reviewing healthcare professional.)

a. To use CorpCare - Have employee(s) complete the attached questionnaire. Department business manager should contact CorpCare to request a review of a respirator questionnaire and to arrange for invoicing 860-647-4796
   i. For privacy purposes, direct employee(s) to put questionnaire in an envelope, seal completely and mark ‘confidential.’
   ii. Send sealed envelopes to:
       CorpCare, 2800 Tamarack Ave Suite 001
       South Windsor, CT 06074

**Step 2. Upon receipt of the Written Medical Approval signed form from physician, register online for the following training: Respiratory Protection & Fit-Testing. Fit testing cannot occur without EHS receipt of a copy of the written medical approval.**

For more training and fit-testing information contact Environmental Health and Safety at 860-486-3613

**VOLUNTARY USE OF FILTERING FACEPIECE RESPIRATORS**

Employees who voluntarily choose to wear a respirator when a respirator is not required may do so. The fit-testing requirements will not apply in this case. However, supervisors must ensure that:

1. Employees are trained in accordance with the University’s Respirator Program—training available online: (Respiratory Protection - Voluntary Use of Dust Masks (Husky CT));
2. The respirator maintenance and care provisions of this Respirator Program are followed.; and
3. Employees who voluntarily wear a respirator other than a dust mask, are medically evaluated.

For more information, refer to the University’s Respirator Program (www.ehs.uconn.edu/occ/resp.doc), or contact the Environmental Health and Safety at 486-3613.
