

**Permit-Required Confined Space
Pre- and Post-entry Review with Outside Contractors**

Pre-entry

- 1. Inform the contractor that the spaces to be entered are permit-required confined spaces and that entry is allowed only through compliance with a permit-required confined space program meeting the requirements of the OSHA Standard (29 CFR 1910.146) or other applicable industry-specific standards (e.g., 1910.268).
- 2. Apprise the contractor of the potential hazards associated with the spaces that make them permit-required confined spaces.
- 3. Apprise the contractor of any precautions or procedures that are normally used to protect employees in or near the permit-required confined spaces where contractor personnel will be working.
- 4. Coordinate entry operations with the contractor, when both University personnel and contractor personnel will be working in or near the permit-required confined spaces.
